

# WATER TOWER CAPITAL, LLC

## CAPITAL MARKET SOLUTIONS FOR MIDDLE MARKET COMPANIES

### Board of Directors Experience of F. John Stark, III

#### Outside Director

The skills required of a director of a post-reorganized company vary significantly from that of a director of a solvent company. As demonstrated by his prior directorships, John Stark has the experience necessary to navigate the issues facing a recently reorganized company.

#### Litigation Trustee

Corporate reorganizations often result in the creation of litigation trusts. Creditors' committees involved in complex Chapter 11 proceedings whose assets include legal claims against third parties should select an experienced litigation trustee to maximize the recoveries from these claims. Mr. Stark has considerable experience in prosecuting and administering major litigation claims against third parties, involving fraud, breach of trust, fraudulent conveyances and intellectual property issues.
